

LASER SERVICES

Complimentary initial consultation preferred to ensure proper patient selection and education regarding procedure desired. A \$50 deposit is taken at the time of appointment scheduling.

Laser Genesis THE "SKIN TEXTURE" LASER

This non-ablative laser technology can treat fine line wrinkles, large pores, excessive oil production, uneven skin texture, diffuse redness, scars and pigment irregularities. A series of treatments are recommended.

	Starting at...
Individual Treatment	\$200.00
Series of 4 (Savings \$100)	\$700.00
Series of 6 (Savings \$200)	\$1000.00

Limelight IPL Photofacial THE "SKIN COLOR" LASER

This non-invasive approach to skin rejuvenation offers the advantage of improving uneven skin tone. It addresses brown age spots, freckles, widespread blotchiness, skin redness and small fine facial veins. More than one treatment may be necessary.

	Starting at...
Full Face	\$300.00
Full Face with Neck	\$400.00
Neck	\$175.00
Cheeks	\$200.00
Chest	\$300.00
Hands	\$150.00
Arms	\$250.00
Per Spot Treatment*	\$50.00

*Pricing varies according to number treated, not to exceed a full treatment area.

2D Skin Rejuvenation THE "GET IT ALL" LASER

A treatment utilizing both the Laser Genesis and Limelight at one time for intensive improvement in skin laxity, texture, and skin tone. This treatment heats at many different levels of the skin for maximum collagen synthesis. Pricing is dependent upon size of area to be treated and will be determined at consultation.

Laser Vein Therapy

Our Cutera Excel System is able to deliver pulses of light energy which cause the blood within the vein to coagulate, eventually destroying the vessel which is later reabsorbed by your body. Blood flow will then be redirected to veins deeper below your skin's surface, where it should be. Smaller spider veins to blue reticular veins are able to be treated.

Treatment Based on Time Required

15 min	\$150.00	45 min	\$325.00
30 min	\$225.00	60 min	\$375.00

Starting at...

Angiomas, Hemangiomas 1-30\$100.00

Laser Hair Removal

The process of removing unwanted hair by means of exposure to pulses of laser light that destroy the hair follicle. A series of 6-8 treatments are required at timed intervals to eliminate hair. Hair must have color to be seen by the laser in order to eliminate it. We now have the new technology "Prowave LX" (the only one of its kind) which has the technology to see medium blonde and finer hair for removal. All areas priced per treatment and are subject to change based on individual consultations.
